We do not have responsibility with missing file of this book.

Losing nearly everything leaves room for the one thing they can't live without.

A few excruciating minutes pinned in a burning building cost Ryan Ward his job as a firefighter, the easy camaraderie of his coworkers, his girlfriend, and damn near cost him his left leg. Giving up, though, isn't an option. Compared to the alternative, choosing a new profession, going back to school, and renting a room from the college groundskeeper are simple.

Until he realizes he's falling in love with his housemate, and things take a turn for the complicated.

John Barrett knows about loss. After moving twice to stay in touch with his kids, he could only watch as his ex-wife whisked them away to California. Offering Ryan a room seems better than rattling around the empty house, but as casual friendship moves to something more, and a firestorm of emotions ignites, the big old house feels like tight quarters.

It's nothing they can't learn to navigate, though. But when dead bodies start turning up on campus and one of the guys is a suspect their first taste of real love could go up in smoke.

Product Warnings

Contains two hot men wrestling with a shift in their sexuality, as well as a few positions probably listed in the Gay Kama Sutra. But it's not all about the hot and sweaty especially when your previously straight life knocks on the door and comes back to visit.
